85kW Boiler*

MHS
BOILERS

SAVE up to £615 on a new boiler - and enjoy guaranteed peace of mind

Your Strata 1 boiler is coming to the end of its efficient working life. This may mean that it's using more fuel than necessary and is more liable to breakdown or failure. The good news is that we'll save you up to £615 if you replace it with one of our latest Ultramax WM condensing boilers*.

DON'T BE CAUGHT OUT

With the cost of spare parts increasing, maintaining your older boiler will become ever more expensive. By replacing it with the Ultramax WM, you can benefit from the latest technology and avoid inconvenient and costly breakdowns.

Old Boiler	New Boiler	Normal Price	You Pay	YOU SAVE
Strata1 38 or 45	Ultramax 45kW	£2060	£1531	£529
Strata1 60	Ultramax 65kW	£2280	£1715	£565
Strata1 75	Ultramax 85kW	£2680	£2065	£615

PEACE OF MIND - GUARANTEED!

Purchase a 5 Year Maintenance and Service Plan from MHS (see opposite) and we'll give you a massive discount of up to £615. Plus you'll benefit from an all inclusive parts and labour guarantee and an annual service.

Easy options payment plan

There are plenty of ways to pay for your Maintenance and Service Plan. You can pay annually - against an invoice or by monthly standing order. Or you can pay with any one of the major credit cards.

So there's one less thing to think about.

*Terms and conditions apply. All cost examples exclude VAT

How it works

- Arrange installation of your new boiler through an installer of your choice.
- MHS Boilers must commission the boiler (offered at a discounted price).
- Purchase a 5 year MHS Maintenance and Service Plan at £35.00+VAT per month with our Easy Options Payment Plan - see panel for details. Or we can invoice you £420+VAT annually from the start of the agreement's second year.

Offer doesn't include new controls/upgrades if existing controls aren't compatible.
